## **Reception Planner #1**

The Wrenn House Grill & Pub would be delighted to assist you in planning for your next special reception. We feel that you will be more than happy with our food preparation, presentation, and service. All of our foods are prepared from scratch so that you and your guests receive only the freshest, best tasting foods for your gathering. Our service staff is professional and always courteous, and the entire presentation will always be delightful for you and your guests.

We have prepared this planning guide to assist you for your next reception or special occasion. We realize a well planned event entails many factors such as the number of guests, the formality of the event, the menu, the time of day and season, and the budget. Our professional staff would be more than delighted to assist you in ensuring that each of the factors is designed and executed to your satisfaction.

The Wrenn House Grill and Pub has a diverse variety of service media to fit virtually any occasion. We maintain service items for very formal to casual dining events. Our formal inventory includes silver platters, silver serving bowls, silver chaffing dishes, silver punch bowls, and silver serving utensils, and we have nice china, silverware and linens – all are all available for rental at a lesser cost than the rental stores.

To further assist you in planning, we have assembled several popular menus that we have served for many gatherings in the past. If you do not see anything that you would like, we will customize a service for your specific needs. The prices are based on 100 - 175 people being served - a change in the guest count can reflect a change in price.
